EVENTS FOR 2022**

2022

The Village of Harristown is hoping all of our residents have had a wonderful Christmas and a great New Year's! We know everyone is ready for another year to come! Hoping it is filled with happiness and health for everyone!

Volunteers needed!

The Planning & Zoning Commission Board is looking for a member to fill an open spot. The Village has many exciting projects happening and this is a fantastic way to volunteer your time without committing to a monthly set schedule. Planning & Zoning meetings only occur when an item needs to be addressed . Please call the office at 217-963-2980 with any questions!

RECYCLING CONTAINER

After the holidays, we know there are a lot of boxes and packing items! Please make sure the boxes are broken down flat as possible! By doing this, it makes more room in the container for everyone to use!

VILLAGE COMMUNITY CENTER

The Village is taking reservations for the Community Center for the 2022 year! Please call the office at 217-963-2980 to get details on your reservation!

SEVERE WEATHER DRIVING: DOs & DON'Ts

DO SLOW DOWN	DON'T USE HANDHELD DEVICES
DO WEAR YOUR SEAT BELT	DON'T USE CRUISE CONTROL
DO FILL YOUR GAS TANK	DON'T DRIVE UNLESS NECESSARY
DO KNOW IF YOU HAVE ANTI-LOCK BRAKES	DON'T DRIVE UNDER THE INFLUENCE

Illinois Department of Transportation

FURNACE SAFETY TIPS TO KEEP IN MIND THIS WINTER

<p>Schedule an annual tune-up</p> <p>One of the most important aspects of an annual furnace tune-up is checking to make sure that your system is running safely.</p>	<p>Keep the area around your furnace clear</p> <p>You can help minimize the chance of fire hazards from your furnace by keeping the area around your system clear. Although you should avoid storing anything near your furnace, this is especially true for any flammable products or materials.</p>	<p>Change your air filter</p> <p>A dirty air filter will restrict airflow to your furnace, which will overwork your system and can potentially increase the risk of a carbon monoxide leak.</p>
<p>Test Your Detectors</p> <p>Every six months you'll want to check both your carbon monoxide and smoke detectors.</p>	<p>Be Aware</p> <p>Be tuned in to your furnace all season long, listening for any unusual sounds or noticing any strange smells.</p>	
<p>Ensure Proper Ventilation</p> <p>Dangerous fumes, such as carbon monoxide, are vented out of your home through a flue, likely in your roof. Keeping this vent clear makes certain that those gasses do not back up into your home and become a health hazard for your family.</p>	<p>Keep the registers clean</p> <p>Regularly vacuum the registers to remove lint, dust, animal hair, and other debris. You should also keep the area around the registers clear and unobstructed by furniture and rugs.</p>	

Barclay Library Updates

220 S. Main St. Warrensburg, Il
217-672-3621
www.barclaylibrary.org

KIDS & TEENS
